

Better Web Browsing

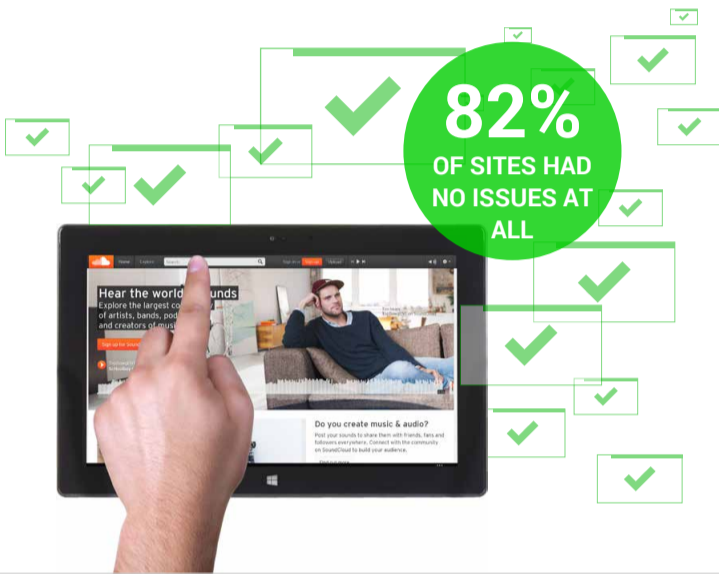

with an Intel® processor-powered tablet

From playing videos to touch interactions, the Microsoft® Surface™ Pro 2 provided the best experience on 420 Web sites* compared to the ARM®-based devices we tested.

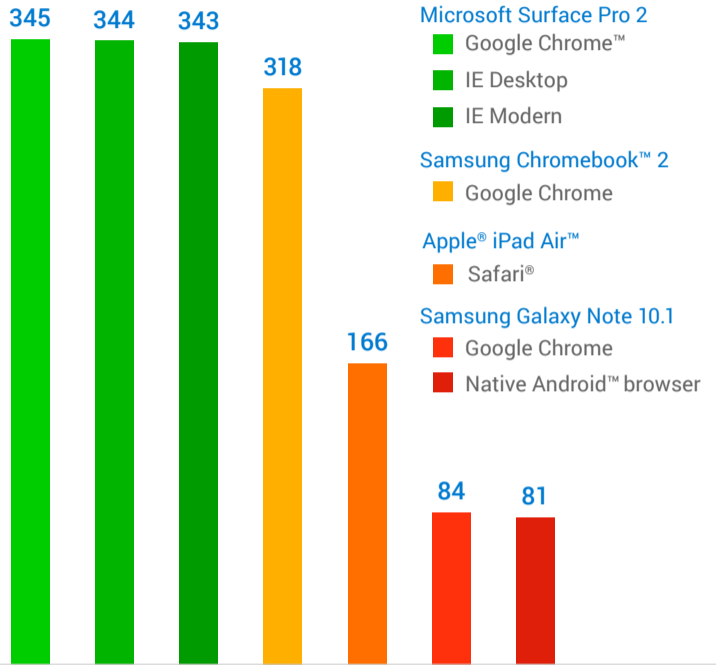

Internet instead of issues:

The Intel processor-powered tablet loaded the most Web sites with no issues at all:

NUMBER OF SITES WITH NO ISSUES

A fuller Web experience

The Surface Pro 2 handled essential functions the others had trouble with:

MOUSE OVER MENUS PROPERLY

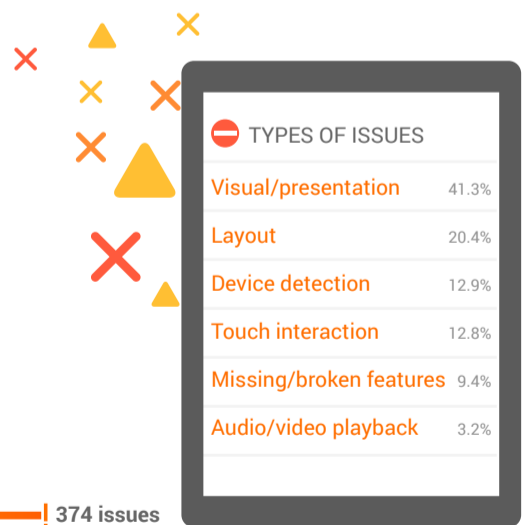

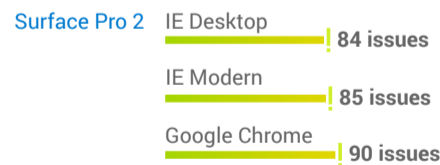

SUPPORT PINCH ZOOMING ON EVERY SITE

PLAY VIDEOS WITHOUT TROUBLE

Fewer hassles, better Web

When there were issues, The Surface Pro 2 had significantly fewer of them than its competitors:
